ABOUT US

ABOUT ARVICON INTERNATIONAL

Arvicon International is among the top exporters from India, with a legacy of more than 25 years in global trade. The company ships over 1800 TEUs annually to markets across Europe, North America, Latin America, CIS, and Asia, backed by international certifications and a reputation for trust, consistency, and quality.

Our portfolio includes Porcelain, Granite, Marble, Limestone, Sintered Stone, Sandstone, Slate, and Mosaics. Known for durability, performance, and design excellence, Arvicon continues to embrace innovation and advanced technology to deliver superior products tailored to diverse applications worldwide.

Driven by a customer-first philosophy, we have built long-standing relationships with architects, designers, and distributors who value both our craftsmanship and our commitment to global standards.

OUR INFRASTRUCTURE

Arvicon has a well-laid processing unit at Hattipura, Bundi, which caters to the varied and specific demands of surface material processing. The facility is well equipped with efficient machines to handle large-format slabs and deliver optimum variety & finishing. The company has its branch office in Kota, Rajasthan, which primarily co-ordinates with all mines and site units.

It also has its stockyard in Kota Industrial Area, which specifically caters to materials coming from different regions of India. The other stockyard is at Bijolia Mines Area, strategically located to support continuous supply and efficient logistics.

With a corporate office at Delhi, the company executes all its product designing and export monitoring from this office. Well-equipped facilities and efficient networking have enabled Arvicon to establish a strong footprint across international markets, serving customers with reliability and scale.
